www.yingtchin.com.tw

Ying Tchin Enterprise was established in 1982, specialized in monitors. Linear power supply and CRT monitors and transformers for the business field of Coin-operated Amusement Game industry then. After our continuous innovation and untiring endeavor day by day, we have developed the power supplies to upgrade as switching power supplies with wide-range power and may be suitable on variety applications; the CRT monitors also have been upgraded to the LCD monitors with wide-range sizes, higher frequency and excellent quality. Besides, its touch screen types are available. It is our most advantageous product in the future. Furthermore, we also designed many kinds of accessories, such as chassis, light inverter, sound amplifier, and isolate transformer.

More than three strict quality control procedures are required to all the productive process. The technical training as well as the education of quality concept to the staff are focused and executed seriously and thoroughly. Now we are one of the leading companies in the field of Amusement & Gaming Industry. Our products own high market share in Taiwan, and successfully been expended to the worldwide market. For offering more competitive prices to our customers we continuous search for the methods of cost down. Please visit our website to get more information of our products. And also welcome to contact us directly if you are interested in them.

Professional Service & Market Cultivation Fairness and Market Needs— Development of **KRT**

JT-COMATZ Trading CO., LTD was established in 1994. The business started with selling LCD screen. With the principle of "Unceasing Endeavor and Innovation" JT-COMATZ Trading CO., LTD became one of the reputable trading companies. JT-COMATZ Trading CO., LTD focuses on marketing. Headquarter is based in Taiwan which is responsible for worldwide distribution. In addition, JT-COMATZ also have its own development department, engineering department and technical support department which are able to design and develop PACHINKO, slot, fruit machine, redemption, and spare parts such as LCD, reel, coin counter, button, coin selector and so on.

Market Repositioning - Development of **KRT**

JT-COMATZ Trading CO., LTD has been cooperating with the companies from Japan, China, Hong Kong, Western Europe, and South America. JT-COMATZ Trading CO., LTD participates every major international convention and has directly contact with potential clients.

KRT specialize in import, export and development of arcades, redemption machines and PACHINKO. Two of the most important features about KRT are fairness and market needs. First, fairness, KRT makes sure all of the games are not fixed odd. Second, market needs, to create most suitable and trendy products for different markets, KRT observes and listen to the need from customers and market. Being creative is a must.

In addition to be a developer in gaming industry, which is able to develop, design and produce the most suitable products for different needs, KRT is also a distributor. As a distributor, KRT is capable of cooperating, assisting in operation for different types of companies. KRT participates in every part of segment in gaming industry, and it is definitely the best choice for cooperation and partnership.

Technology Support Kingdom

MIN-YAN Technology Co., Ltd.

www.tskgame.com.tw

T.S.K was founded in 1980, and has been positioning as a leading game design group in Taiwan. We have been striving to develop our own brand for all these years, and we have made it! Due to reasonable pricing and quality entertainment, our sales record has been outstanding.

Our trademark T.S.K Represents Technology Support Kingdom, which also refers to our second goal of offering professional post-care service by employees with rich international marketing and management experience. Our innovative approach allows us to design unique games that fit the local market as required by clients. The high quality of our products has made us one of the most well-know game design companies in Taiwan, and our products are popular in many foreign countries as well.

T.S.K has accumulated many hit products, which helped cultivate solid RD experience. These strengths allow us to reach our ultimate goal of serving our clients to the best of our abilities.

OUR PRODUCING CAPACITY

TSK offers the best products and keeps improving design of both inner and outer side of machines, and develops various machines. Besides, we have high quality and well capacity.

Furthermore, we pay much attention to our procedure management. Due to years of experience, we have cautious quality control on every step including game plan, circuit design, mass-production, assembly, modifying of motherboard chips, testing, packing and exporting to make everything successful and perfect.

We are confident that we are certainly able to make products which match customers' requirement with honest, immediate and responsible service of all members.

OEM CAPABILITY

We accept OEM and ODM manufacture production. Our employees will be enthusiastic for the customer consultation. After consultation, we will use our technique to satisfy customers' demand. In addition, we focus on after-sales service. When our customers receive our merchandise, we must track that if everything is in good order.

We sincerely welcome you to be our customer!
